OVERVIEW OF UPCOMING LARGE CONTRACT AND TASK ORDER RECOMPETES
SEPTEMBER/2024**

The following report provides a snapshot of expiring large contracts and task orders with likely recompetes during three calendar year periods:

- Near-Term: Current Quarter and Following Four Quarters
- Mid-Term: Six Quarters Following Near-Term
- Long-Term: Greater Than Mid-Term

The summaries are based on total, actual contract obligations over a five year look-back across all information technology NAICS codes (select 51x, 54x codes) on contracts and task orders with a total value of more than \$25M.

The report includes an overview of the top overall and small business contractors across the five year window. All summaries are compiled from the current [usaspending.com](https://www.usaspending.com) archive flat files. Many small business awards include large business entities due primarily to merger and acquisition activity.
